Piper Sandler Investor Presentation Disclosures

Cautionary notice regarding forward-looking statements and non-GAAP financial measures

This presentation contains forward-looking statements. Statements that are not historical or current facts, including statements about beliefs and expectations, are forward-looking statements. Forward-looking statements involve inherent risks and uncertainties, and important factors could cause actual results to differ materially from those anticipated, including those factors identified in the document entitled “Risk Factors” in Part I, Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2025, and updated in our subsequent reports filed with the SEC. These reports are available at our Website at pipersandler.com and at the SEC Website at sec.gov. Forward-looking statements speak only as of the date they are made, and Piper Sandler undertakes no obligation to update them in light of new information or future events.

This presentation also contains financial measures that are not prepared in accordance with U.S. generally accepted accounting principles (“GAAP”). Management believes that presenting results and measures on an adjusted basis alongside U.S. GAAP measures provides the most meaningful basis for comparison of its operating results across periods and enhances the overall understanding of our current financial performance by excluding certain items that may not be indicative of our core operating results. The non-GAAP financial measures should be considered in addition to, not as a substitute for, measures of financial performance prepared in accordance with U.S. GAAP. A reconciliation of each non-GAAP financial measure to the corresponding U.S. GAAP measure is available in Section 3 of this presentation.

Stock Split

On March 23, 2026, we effected a four-for-one forward split of the company’s common stock through the filing of an amendment to our Certificate of Incorporation, which was accompanied by a proportionate increase in the number of shares of our authorized common stock. Our common stock began trading on the split-adjusted basis at the start of trading on March 24, 2026. All share and per share amounts presented herein have been retrospectively adjusted to reflect the impact of the stock split.

Merger to become Piper Sandler Companies

On January 3, 2020, Piper Jaffray and Sandler O’Neill merged to become Piper Sandler Companies. Financial measures for periods ending on or prior to December 31, 2019, and presented herein, represent the results of Piper Jaffray Companies not including Sandler O’Neill. Financial results and measures beginning from the date of merger on January 3, 2020, include Sandler O’Neill.

About Piper Sandler Companies

Piper Sandler Companies (NYSE: PIPR) is a leading investment bank driven to help clients Realize the Power of Partnership®. Securities brokerage and investment banking services are offered in the U.S. through Piper Sandler & Co., member SIPC and NYSE; in the U.K. through Piper Sandler Ltd., authorized and regulated by the U.K. Financial Conduct Authority; in the EU through Aviditi Capital Advisors Europe GmbH, a tied agent of AHP Capital Management GmbH, and in the Abu Dhabi Global Market through Piper Sandler MENA Ltd., authorized and regulated by the ADGM Financial Services Regulatory Authority. Alternative asset management and fixed income advisory services are offered through separately registered advisory affiliates.

© 2026. Since 1895. Piper Sandler Companies. 350 North 5th Street, Suite 1000, Minneapolis, Minnesota 55401.

Investment Rationale

1

Track record of profitable growth creates a destination of choice for top talent

2

Diversified Platform by business, sectors, products and clients

3

Disciplined operating management and capital light approach

Why Piper Sandler?

- We provide client value and drive shareholder returns through diversification across complementary business lines, sectors, product offerings and geographical regions.
- We invest in areas where we can both enhance our offerings and position ourselves as market leaders.
- Our approach has resulted in our ability to deliver strong earnings throughout cycles.

Building a Stronger and more Durable Platform

* A non-GAAP financial measure. See Section 3 for a reconciliation of non-GAAP financial measures to the most directly comparable U.S. GAAP measure.

Creating and Delivering Shareholder Value

Our consistent operating discipline and capital light approach results in strong cash generation and drives shareholder returns across cycles

Multiple levers to manage capital:

- Acquisitions – deploy capital towards growth initiatives
- Share repurchases – repurchase shares to offset dilution from annual grants
- Dividends – target 30% to 50% of fiscal year non-GAAP earnings between quarterly and special dividends

Weighted average diluted common shares outstanding – U.S. GAAP basis	71,237	71,140	51,912
Adjustment:			
Unvested acquisition-related restricted stock with service conditions	425	145	-
Adjusted weighted average diluted common shares outstanding	71,662	71,719	51,912

1) For periods prior to 2020, Piper Sandler Companies calculated earnings per common share using the two-class method, which requires the allocation of consolidated adjusted net income between common shareholders and participating security holders, which in the case of Piper Sandler Companies, represented unvested stock with non-forfeitable dividend rights. No allocation of undistributed earnings was made for periods in which a loss was incurred, or for periods in which the special cash dividend exceeded adjusted net income resulting in an undistributed loss.
